Languages

• English • Hindi • Bangla

Awards

2019 **Code Runner**
RVS College of Engineering and Technology

Projects

2023 – 2023 **Health-Horizons** [🔗](#)
Multiple Disease Prediction
Multiple disease prediction such as Diabetes, Heart disease, Kidney disease, Breast cancer, Liver disease, Malaria, and Pneumonia using supervised machine learning and deep learning algorithms.

2023 – 2023 **HealthExpensePro** [🔗](#)
Insurance Cost Prediction using Machine Learning
To predict things have been never so easy. I used to wonder how Insurance amount is charged normally. So, in the mean time I came across this dataset and thought of working on it! Using this I wanted to know how few features determine our insurance amount!

2023 – 2023

Audio Player

As streaming is increasingly being adopted by users, online media players have become essential for consuming media on the internet. Music players allow one to enjoy music in any browser and supports a lot of the features of an offline music player.

2023 – 2023
